Pension Deferral

- CalPERS State Annual Pension Contribution Payment Offset—The May Revision proposes to redirect the remaining $2.4 billion over the next two years to pay the state's obligations that will produce more immediate savings to the state and result in a reduction in the state’s retirement contribution.

- Suspension of California State Teachers’ Retirement Systems (CalSTRS) Annual Rate Increases—the May Revision proposes statutory changes that will suspend the annual rate increases authorized by the Teachers’ Retirement Board at the 2019-20 level until 2023-24. This proposal will provide $1.8 billion General Fund savings over the multiyear to the state’s annual contribution to the CalSTRS defined benefit program.
League’s Budget Priorities

A. Flexible COVID-19 block grant honoring local decision-making
B. Two-year extension of Hold Harmless in SCFF
C. Continue approval of capital outlay projects
D. One-year deferral of employer-side pension increases
E. Backfill any shortfall in property tax or student fee revenue
F. Maintain overall integrity of Proposition 98
G. Assure CCC’s receive at least statutory split of Proposition 98
Continued Advocacy

Themes

May Revise Messaging

- Cut to the base is too deep, particularly if the expectation is to maintain the same number of students or grow.
- Cut to Strong Workforce will impede high-cost programs for in-demand jobs.
- Overall budget is predicated on federal action, which is out of our control.
- Budget does not contemplate money to our system for redirected students from UC or CSU.
- As much as we support the deferrals over cuts, the sheer size of the deferral will mortgage our System for years.

Legislative Update
Assembly Committee on Higher Education meeting Assembly Floor to comply with social distance standards.

Most Senators participated remotely in a recent budget hearing.
Accelerated Legislative Process

- Due to unplanned recess, the legislature will not be following deadlines announced at the beginning of the session.

- Senate and Assembly will follow separate deadlines until the Second House process starts.

- Significant scale back of legislation to be considered:
  - 14 bills passed out of the Assembly Higher Education Committee
  - 5 bills passed out of the Senate Education Committee.

ACA 5 (Weber) Repeal of Proposition 209 – SUPPORT

Would authorize a ballot measure that would repeal the remaining provisions of Prop 209 that prevent government entities from crafting affirmative action policies and programs.

AB 2019 (Holden) County Offices of Education - SUPPORT

Would permit County Offices of Education to enter into College and Career Access Pathways partnerships with community college districts.

SB 1173 (Durazo) Employee Relations – OPPOSE

Would make colleges liable for mistakes made when transmitting employee contact information to collective bargaining units.
AB 2452 (Garcia) State Auditor – **OPPOSE**

Would have permitted the state auditor to audit the finances of organizations supporting local governments.

**AB 2764 (Gloria) Military Course Apportionment - SUPPORT**

Would have permitted community college courses offered on military bases to be eligible for apportionment.

**AB 2910 (Weber) Student Trustees – SUPPORT if AMENDED**

Would have mandated specific rights for student trustees and provided the option for colleges to give them a full vote.
AB 3310 (Muratsuchi) Ethnic Studies – CEO OPPOSE

Would have mandated an ethnic studies course as a condition of graduating from a community college.

AB 2609 (Medina) Classified Employees – OPPOSE

Would have limited the time that a new classified employee could be placed on probation from one year to 6 months.

SB 796 (Leyva) Employee Sick Leave – OPPOSE

Would have required school and community college districts to pay 100% of a salary for an employee on medical leave who has exhausted all available sick leave for up to five months.
Significant cutbacks in clinical training slots for nursing and other allied health programs.

Will reduce the ability of our colleges to graduate allied health workers in the midst of a global pandemic.

More flexibility will be needed if colleges are expected to maintain normal graduation rates.

**AB 2288 (Low) Nursing Programs**

Would provide nursing programs additional flexibility during a state of emergency needed to function if hospitals continue to cut clinical training slots.
