Legislation: Collective Bargaining

AB 472 (Wicks) Compulsory Leaves of Absence

Among other items, would require schools and community colleges to fully compensate an employee for lost wages if that employee was placed on unpaid leave due to an investigation into criminal or administrative charges, but the investigation was found in the employee's favor.

CCCT and CEO Positions: OPPOSE Staff Recommendation: OPPOSE

Location: Senate Labor, Public Employment and Retirement Committee – July 12th hearing

SB 433 (Cortese) Third Party Disciplinary Hearings

Removes the authority of a school or trustee board to discipline an employee and instead it gives the authority to a mutually agreed upon third party official. This is similar to a merit system of employee discipline.

CCCT and CEO Positions: OPPOSE Staff Recommendation: OPPOSE

Location: Assembly Appropriations Committee

Legislation: Collective Bargaining

AB 1699 (McCarty) K-14 Classified Employees

Would require local education agencies to offer any new part- or full-time classified assignments to existing classified employees before the assignment is publicly posted as long as the employee can reasonably perform the duties of the new job. If an unqualified employee is interested in the position but can become qualified with 10 or a few hours less of professional development, schools, and colleges would be required to provide it.

CCCT and CEO Positions: OPPOSE Staff Recommendation: OPPOSE

Location: Senate Labor, Public Employment and Retirement Committee – July 12th hearing

Legislation: Workforce

AB 689 (Carrillo) Healthcare Workers

Would ensure that at least 15% of students that are admitted in limited enrollment programs such as nursing are incumbent healthcare workers. If the college utilizes a priority enrollment system, incumbent healthcare workers would be eligible for priority enrollment.

CCCT and CEO Positions: OPPOSE Staff Recommendation: OPPOSE

Location: Senate Appropriations Committee

AB 746 (Sanchez) Learning-Aligned Employment Program (LAEP)

Would remove the current LAEP provision that limits colleges to only allow on-campus employment to students in research positions. Instead, this bill allows colleges the ability to employ students in any job that will either: a) provide skill-building opportunities necessary for employment in the student's area of study; or, b) provide employment experience related to the student's major.

CCCT Position: SUPPORT

Staff Recommendation: SUPPORT

Location: Senate Appropriations Committee

Legislation: Academic Affairs

AB 811 (M. Fong) Repeatability

Would increase the number of times a student may take a credit course for which they received a substandard grade up to five times. Students who received a satisfactory grade would be permitted to repeat a course at least three times for personal enrichment. Recent amendments narrowed this legislation to focus on the arts, humanities, kinesiology, foreign languages, and ESL.

Position: WATCH

Location: Senate Education Committee

Legislation: Academic Affairs

AB 1096 (M. Fong) Educational instruction: language of instruction.

- Would allow a community college to offer courses taught in languages other than English.
- Permits students to enroll in these course without the requirement to concurrently enroll in an ESL course.
- Wouldn't prohibit a community college student from enrolling in an ESL course,
- Or preclude a community college from complying with the requirements of the Student Equity and Achievement Program.

Staff Recommendation: Watch

Legislation: Academic Affairs

AB 1749 (McCarty) University of California ADT Program

Would require all UC campuses to participate in the ADT program, creating one unified CSU/UC ADT pathway per degree.

Position: WATCH

Concerns:

- 1. This will likely mean a revamp/revision to nearly every ADT to incorporate UC needs, which will take time and resources.
- 2. In incorporating UC needs, we are likely to adhere to UC requirements. If a student wants to go to a CSU, they would have to do UC level work. This was evident with the implementation of AB 928.
- 3. Lower division preparation within a major are different for UC and CSU because of the different emphases of their majors/degrees. The UC is theory focused as the CSU is more practical. One unified ADT pathway could result in losing CSU-aligned courses.

Legislation: Facilities

AB 358 (Addis) Field Act Exemption

Would exempt community college housing from the Field Act, which requires the Department of General Services to supervise the design and construction of school buildings, except upon request by the community college district.

Position: SUPPORT

Location: Senate Engrossing and Enrolling – headed to the Governor.

Legislation: Facilities

AB 247 (Muratsuchi) Education finance: school facilities: Kindergarten Through Community College Public Education Facilities Bond Act of 2024.

Would place a school facilities bond of \$14 billion on the ballot in 2024 for only K-12 and community colleges.

Position: SUPPORT

Location: Senate Governance and Finance Committee

SB 28 (Glazer) Education finance: school facilities: Public Preschool, K–12, and College Health and Safety Bond Act of 2024.

Would place on the March 2024 ballot a bond of \$15.5 Billion. The CSU, UC, and CCC would each receive \$2 billion.

Position: WATCH

Location: Assembly Higher Education Committee

Legislation: Facilities

SB 532 (Wiener) Enhanced Transparency for Local Tax Measures

Would enable local jurisdictions to provide enhanced information in the voter information guide rather than on the 75-word ballot label, which does not provide enough space for appropriate context and explanation, ultimately causing confusion among voters.

Position: SUPPORT

Location: Assembly Rules awaiting referral

* Gut and amended on June 22 into a bill regarding the SF Bay Area toll bridges.

Legislation: Student Services

AB 252 (Holden) Student Athlete Protection Act

Would create a regulatory agency empowered to investigate and manage California collegiate athletic practices related to student academic, mental, and physical health. Additionally, it mandates the creation of a degree completion fund for student-athletes that obtain an athletic scholarship.

Position: OPPOSE

Location: 2-year bill: parked in the Senate Education Committee

AB 299 (Holden) Hazing: Institutional Liability

Would make higher educational institutions, including community colleges, liable for hazing activities occurring within student body organizations affiliated with those institutions.

Position: OPPOSE

Location: Senate Appropriations Committee

Legislation: Financial Aid and Basic Needs

AB 610 (Holden) Transit Passes

Would create a free student transit program by awarding grants to transit agencies for the costs of creating, designing, developing, advertising, distributing, and implementing free transit passes to persons attending certain educational institutions, providing free transit service to pass holders.

Position: SUPPORT

Location: Senate Transportation Committee

AB 1400 (Bryan) Community college student transfers: Historically Black Colleges and Universities.

Would provide up to \$5,000 financial aid scholarships to community college students who are transferring to Historically Black Colleges and Universities. For funding, would redirect current funds received through the College Access Tax Credit Fund.

Position: SUPPORT

Location: Senate Governance and Finance Committee

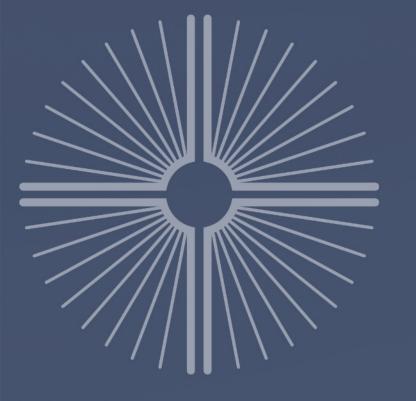

Legislation: Governance

AB 1248 (Bryan) Local Government: Independent Redistricting Commissions

Would require all local governments, including community colleges that serve a population of 500,000 or more to create independent redistricting commissions modeled after the current commission for the state. Schools and community colleges. Similar legislation regarding counties with a population of 400,000 or more was vetoed by Governor Newsom in 2019 due to cost concerns.
